

VAN KERKHOFF ART

A Danish Modernist tablelamp, model PH 3/2.

A bronze, brass, porcelain and metal with single layer frosted colourless glass lampshades.
Designed in 1926 by Poul Henningsen.
Executed between 1928- 1929 by Louis Poulsen, Copenhagen
Height 43 cm, diameter 28 cm.
Stamped: 'PH-3' and 'Patented'

This early example was made of bronze stem, base and topcover and features a three-piece lampshade set made of frosted colourless glass. It is stamped 'PH-3 Patented' on the top shade housing. The lamp is fitted with a pass-through switch.

Based on the materials used and the markings this lamp can be dated between 1928 and 1929 making this an early example in beautiful original condition.

Dimensions: Height 43 cm, diameter topshade 28 cm.
