Toi et Moi Loveseat

Brass metal resin on stainless steel core
160 x 127 x 120 CM
Edition of 8

Measuring 160 x 127 x 120 cm, the ‘Toi et Moi Loveseat’ is handcrafted in Paris, its body meticulously shaped and polished by master artisans. The brass surface captures light with a quiet radiance, emphasizing both the piece’s sculptural presence and the nuances of its materiality.

Limited to an edition of eight, each piece stands as an objet d’art, rare and resolute. More than a seat, it is a meditation on intimacy and separation, a sculptural dialogue between form and feeling. Beyond its physical presence, it lingers—an echo of the timeless tensions that shape the human heart.
